

Mono Material Flexpack Solutions - DREAM OR REALITY?

Information

Description: Mono-material solutions are on everyone's lips today. But they are still rare on the shelf, aren't they? We show real solutions for better recyclability and top properties. We talk about raw materials, processes and brand needs.

Target group: Decision-makers along the label and flexopack supply chain, and anyone interested in learning more about flexopack technology and strategy.

Level: **Level 3** - Previous knowledge is useful
